Professional Summary

B.Tech Computer Science graduate (2026) with hands-on MERN Stack experience across 3 internships and 4+ full-stack projects built end to end. Skilled in React.js, Node.js, Express.js, MongoDB, and Django, with strong grounding in REST API design, JWT authentication, and Agile workflows. Proven track record of independently shipping production-ready features rather than following tutorials.

Technical Skills

Languages: JavaScript (ES6+), Python, Java, C/C++, SQL
Frontend: React.js, Redux, HTML5, CSS3, Responsive Design, Chart.js
Backend: Node.js, Express.js, Django, REST API Design, JWT Authentication, WebSocket
Database: MongoDB, MongoDB Compass, MySQL
Tools & Practices: Git, GitHub, Postman, VS Code, Netlify, Vercel, Agile/Scrum, MVC Architecture, Unit Testing

Internship Experience

MERN Stack Developer Intern – CodeTechnologies Pvt. Ltd. 2025

- Developed full-stack features for live client projects using React.js, Node.js, Express.js, and MongoDB as part of an Agile team.
- Collaborated with senior developers to identify and resolve bugs across existing modules, reducing reported UI issues by [X]% over two sprints.

Django Developer Intern – Remote Internship 2025

- Built REST APIs in Python Django from scratch, including database models and validation logic for a multi-user application.
- Deployed backend modules to the cloud and authored API documentation, enabling frontend integration with zero back-and-forth.

Web Development Intern – Remote Internship 2025

- Built 10+ responsive web pages using HTML5, CSS3, and JavaScript, tested across [X]+ browsers and screen sizes for consistency.

Projects

Learning Management System (LMS) GitHub
React.js, Node.js, Express.js, MongoDB, JWT

- Built a full LMS with JWT-secured authentication, course creation, video uploads, student enrollment, and real-time progress tracking using [Socket.io/WebSocket].
- Designed a role-based admin dashboard giving instructors and students distinct views of the same platform, supporting [X]+ concurrent users.

Social Media Analytics Dashboard GitHub
React.js, WebSocket, CSS3, Chart.js

- Built a live analytics dashboard displaying engagement metrics, follower growth, and post performance using WebSocket connections, eliminating manual refresh and reducing data latency to [X] seconds.

Task Manager REST API GitHub
Node.js, Express.js, MongoDB, JWT

- Built a RESTful task management API with full CRUD, JWT authentication, role-based access control, and due-date tracking, structured around MVC and tested end-to-end with Postman across [X]+ endpoints.

Education

Dr. Ram Manohar Lohia Avadh University, Ayodhya – B.Tech, Computer Science & Engineering 2022 – 2026
CGPA: 8.2 / 10

UP Board – Higher Secondary (12th) 2022
Percentage: 70%

UP Board – Secondary (10th) 2020
Percentage: 82%

Certifications

AI for Beginners – HP LIFE (HP Foundation), 2026 | Full Stack Development 101 – Simplilearn SkillUp, 2026 | Yuva AI for All – TCSiON, 2026

Languages

Hindi (Native) | English (Professional Proficiency)
